## New roof for Neuadd Dyfi

You may have seen the scaffolding round the Neuadd. The existing roof is past it's sell-by date and had started leaking, so the Neuadd Committee have received a grant to install a new roof, which will incorporate insulation and solar panels and should ensure that the hall is safe from the elements for at least another 25 years. Many thanks to Des George for all his hard work on this project.

## Fireworks display is back!

## Wildflower Verges

The Community Council are working with Gwynedd Council to create some wildflower verges where there are currently grass ones. This will save the need for strimming and enhance the biodiversity of the village, as well as looking nicer, so if you know of any areas that might be suitable, please let the clerk know. The Community Council has also just published it's biodiversity report, which can be found here: <https://aberdyfi-council.wales/council-public-notices/>

You've no doubt heard the noise from the piling work - the wharf development is progressing well and is on schedule. If anyone has any questions, please email them to [ceiaberdyfi@gwynedd.llyw.cymru](mailto:ceiaberdyfi@gwynedd.llyw.cymru)

## Advent windows

It's that time of year again!

Aberdyfi will, for the third year running, be counting down to Christmas in this wonderful way and anyone wishing to be a part of it should contact me on 07718046343.

I am aware our energy bills are set to rise this winter and would not expect people taking part to have their Advent Window lit up for long hours... the pleasure of seeking the different Windows around the village will still be uplifting to us all. Thank you, Alison Sayes
