## Apologies

The AA&I are very sorry for the lack of Christmas Tree and festive lights in the Square this year. Unfortunately, the works on the harbour wall have made it impossible to erect the tree this year and our 'plan B' to put trees up at Neuadd Dyfi instead have also backfired because delays fitting its new roof have left scaffold across the entrance where the trees were to be. The lights in the square are also missing because they have to be installed as a single long chain and one of the buildings there has scaffold obstructing its path. We did our best but circumstances conspired against us and we can't see any way we could safely decorate the village this season except for the street light poles.

Next year the decorations will hopefully be back to full strength!

*Merry Christmas &  
Happy New Year!*
