October 2023

Thank you

Congratulations!

Massive congratulations to Aberdyfi Search & Rescue Team as they celebrate their 50th Anniversary! They are ready to help people in trouble 24 hours a day, 365 days a year and we're sure you will join us in congratulating them on this significant milestone.

Last month we thanked the organisers of events in the village for all their work, but did you know that there is a whole team of volunteers who help to keep the village looking fabulous, too? This month we would like to say a huge thank you to everyone who keeps the planters and other areas filled with flowers and looking lovely and also to those who keep the dog poo bag dispensers filled with bags. And don't forget everyone who litter picks and do other things to keep our little village looking fantastic. Thank you to you all – it is very much appreciated!

Thank you!

Copperhill St will be closed overnight from midnight on 5th November and the main road at Penhelig Station will be closed overnight from midnight on 12th November to allow an inspection of the railway bridges.

Seeking John Davies

Ross Gerring is seeking information about his great grandfather, John Davies, born in Aberdyfi 1870. It is thought he ran away to sea and ended up in Australia where he died in 1943. Ross would love to hear from anyone who might be related or have any information about his great grandfather. Email: ross@thegerrings.com

January road closure

Griffiths are holding public drop-in sessions about the proposed road closure at Machynlleth bridge (where the cottages are) in January. These will be held at their offices in Machynlleth Eco Park:

- * Wednesday 25 October 2pm - 7pm
- * Thursday 26 October 9am - 3pm
- * Tuesday 31 October 2pm - 7pm
- * Wednesday 1 November 9am - 3pm

Griffiths are keen to hear everyone's views – every one will be logged and given to the Welsh Government so we urge you to attend one of these sessions if at all possible and let your views be known.

Note that the new bridge needs to be open before this work can go ahead, so if the new bridge is delayed, this work will also be delayed.
